ILLINOIS HOMELESS PREVENTION PROGRAM

REPORT TO THE GENERAL ASSEMBLY

State Fiscal Year 2019

Homeless Prevention Program

PREFACE

The Illinois Department of Human Services (IDHS) Homeless Prevention Program Report is compiled for the Illinois General Assembly in accordance with Public Act 86-1454. It provides current information on the Homeless Prevention Program in Illinois. It also outlines Fiscal Year 2019 funding by providing details on program expenditures, types of services, and number of households served.

This report should not be construed to represent the total homeless population in Illinois. This report contains data compiled from quarterly reports from organizations funded by the Homeless Prevention Program.

Homeless Prevention Program

Introduction

The Homeless Prevention Program was created by the Homeless Prevention Act of 1999. The program provides rental/mortgage assistance, utility assistance and supportive services to households who are in imminent danger of eviction, foreclosure or homelessness or are currently homeless.

The Homeless Prevention Program provides cost-effective prevention of homelessness, preserves family self-respect, and helps to keep families intact. The program prevents the need for long-term assistance programs and sustains permanent housing options by avoiding evictions, foreclosures, and utility disconnections.

In Fiscal Year 2019, \$4,977,500 was allocated to the Homeless Prevention Program.

Program Goal

The goal of the Homeless Prevention Program is to stabilize individuals and families in their existing homes, shorten the amount of time that individuals and families stay in shelters, and assist individuals and families with securing affordable housing. The program provides rental/mortgage assistance, utility assistance, and supportive services directly related to the prevention of homelessness or repeated episodes of homelessness.

Program deliverables require that:

- All providers have a referral process that assists program participants with enrollment into public benefit programs such as TANF, Supplemental Nutrition Assistance Program (SNAP, formerly known as Food Stamps), All Kids, medical and disability assistance, as well as other resources that address the needs of the population targeted for service.
- All providers attend local Continuum of Care homeless network meetings and report on progress and distribution of funds from the Illinois Department of Human Services (IDHS).
- All providers have a community outreach plan which includes a detailed description for notifying the community of the program, hours of operation, and admittance/eligibility requirements into the program(s) they administer for IDHS. The plan must include outreach to other community service agencies, court and sheriff's personnel involved with eviction matters, and other outreach entities. IDHS must be advised of any publications and distributed flyers, printed materials, and brochures that are part of the IDHS funded program.
- All providers document participant need and eligibility, and maintain documentation in the participant files for a minimum of five years. All providers must use the Homeless Prevention Documentation Checklist tool to assure completeness of the participant file.

- All providers expend program funds under any of the allowable cost categories: rental or mortgage payments, security deposit assistance, utility payments, approved case management, and approved legal services. Funds are expended according to program rules and are consistent with the purposes of the Homeless Prevention Act.
- All providers adhere to the IDHS program requirements including non-discrimination and community-wide access to the Homeless Prevention Program services.
- All providers conduct follow-up on all households served through the program during the previous fiscal year.
- All providers have the ability to download applications for the IDHS Supplemental Nutrition Assistance Program (SNAP, formerly known as Food Stamps) and for the Low Income Home Energy Assistance Program (LIHEAP). Providers assist in determining need and eligibility, and provide participants with referrals as needed.
- All participants have a complete intake and assessment done upon entry into the program. Providers must submit all intake and assessment forms to IDHS annually for approval.
- All providers have a written agreement or Memorandum of Understanding for referrals to other social service providers. The agreement or Memorandum at a minimum must include:
 - type(s) of service(s) to be provided; and
 - how referrals are handled by each entity; and
 - follow-up actions.
- All providers report deliverables and outcomes using the Homeless Prevention Program web-based reporting system.
- The following projected data are also included in the provider's Funding Plan:
 - the projected total number of households served; and
 - the projected number of households receiving rental/mortgage assistance; and
 - the projected number of households receiving utility assistance; and
 - the projected number of households receiving security deposit assistance.

Overview

The Illinois Department of Human Services was designated as the lead agency to administer the Homeless Prevention Program in 2000. The Bureau of Basic Supports administers the Homeless Prevention Program on behalf of IDHS. Bureau staff perform fiscal, programmatic, contracting, and monitoring functions related to the administration of the Homeless Prevention Program funds.

Funding

In Illinois there are twenty Continuum of Care organizations developed by the U.S. Department of Housing and Urban Development (HUD) to provide a network of homeless services to serve the entire state. Funding for the Homeless Prevention Program is allocated to each of these organizations utilizing HUD's homeless distribution formula. The Continuum of Care organizations in turn solicit proposals from local providers that serve homeless families and individuals. Each Continuum of Care organization then recommends agencies to receive Homeless Prevention Program funding from IDHS. Upon execution of a contract, the Homeless Prevention Program providers receive payments and implement the program. The twenty Continuum of Care organizations that received Homeless Prevention Program funding allocations in Fiscal Year 2019 were:

Boone/Winnebago Continuum of Care	\$	220,887

Reporting

Fiscal: All Homeless Prevention Program expenditures are based upon an IDHS approved budget. The budget stipulates the approved expenditure categories (rental or mortgage assistance, security deposits, utility payments, legal assistance, and case management) and the amount that may be spent in each. All expenditures are reported quarterly on the IDHS web-based reporting system.

Program: Homeless Prevention Program providers report the number and characteristics of households/participants served, the supportive services provided, household composition, household income, preventative service utilization, and other program information quarterly on the IDHS web-based reporting system

Follow-up: All providers were required to conduct follow-up by contacting every participant or family that received assistance from the Homeless Prevention Program during the previous fiscal year to assess the housing retention rate for the entire program. The follow-up data is reported to IDHS as specified at the end of each fiscal year.

Program Services

The Homeless Prevention Program provides rental or mortgage assistance, security deposits, utility payments, approved legal services, and approved case management services. Assistance can be given to individuals and families who are currently homeless or are in imminent danger of eviction, foreclosure or homelessness. These services are provided in an effort to stabilize families in their existing homes, shorten the amount of time that individuals and families stay in shelters, and assist individuals and families to secure affordable housing. The households document to the provider a temporary economic crisis beyond the household's control by giving evidence of at least one of the following conditions:

- loss of employment
- medical disability or emergency
- loss or delay of some form of public benefit
- natural disaster
- substantial change in household composition
- victimization by criminal activity
- illegal action by a landlord
- displacement by a government or private action, or
- some other condition which constitutes a hardship comparable to the conditions enumerated above

Homeless Prevention Program services are limited to the following:

- a maximum payment not to exceed three months of rent or mortgage arrears when no other resource is available, and/or
- a maximum payment not to exceed two months for rent or security deposit when no other resource is available, and/or
- payment of utility bills or arrears when no other resource is available (no legislative dollar amount stipulated), and/or
- supportive services where appropriate to prevent homelessness or repeated episodes of homelessness.

Households must be able to demonstrate the ability to meet prospective rental/utility obligations or mortgage payments after assistance has been granted based on current or anticipated income. Payments for Homeless Prevention Program services must be made to a landlord, utility company or other entity who provides housing or other eligible services to an applicant for assistance. Payments cannot be made directly to a Homeless Prevention Program participant.

All eligible Homeless Prevention Program households may access assistance every two years. In the event a household requires additional Homeless Prevention Program assistance within a two-year period, exceptions are considered. All exceptions must be submitted to and approved by IDHS Homeless Prevention Program staff. The supportive services provided by the Homeless Prevention Program are those deemed necessary to move people to self-sufficiency. Homeless Prevention Program offers supportive services that directly relate to the prevention of homelessness or repeated episodes of homelessness. There are two categories of supportive services: Required Supportive Services and Supplemental Supportive Services.

The Required Supportive Services are:

Case Management	Coordinating the acquisition, delivery and use of support services. Case Management must include individual assessments that are used to develop individual service plans.
Financial Counseling	Budgeting/financial planning to ensure that participating households have the ability to maintain rental, mortgage, or utility obligations after assistance has been granted to reduce the probability of a recurrence of the crisis situation.
Supplemental Nutrition Assistance Program (SNAP) Coordination (formerly known as food stamps)	Screening every household that receives Homeless Prevention Program assistance to determine the need and eligibility for assistance and based on that determination assist the participant with the application process or referral.
Low Income Home Energy Assistance Program (LIHEAP)	Screening every household that receives Homeless Prevention Program assistance to determine the need and eligibility for assistance and based on that determination assist the participant with the application process or referral.
Follow-up	Contacting each program participant or family assisted during the fiscal year to assess their housing status.

The Supplemental Supportive Services are:

Advocacy	Intervention on behalf of participating households to assist in the receipt and use of services.
Alcohol Abuse Services	Providing or referring participants to Alcoholics Anonymous or similar program to address the abusive use of alcohol.
Child Care	Providing or arranging child care services.
Children's Services	Child-specific services such as child abuse counseling or preschool programs.

Counseling	Providing or arranging for individual or group counseling to alleviate physical abuse, mental health issues, substance abuse, and/or familial obstacles that are preventing a return to self-sufficiency.
Education	Providing or arranging services for participants to complete a course of study leading to a diploma or specific skill certificate.
Employment Services	Providing or arranging services for participants to complete job preparation and/or to secure job interviews or employment. This may include acquiring special tools or clothing to perform the job in which the participant is placed or receiving training.
English as a Second Language	English language services available to persons who seek to improve their English language skills.
Health/Dental Services	Providing or arranging services for participants needing medical and/or dental services.
Housing Placement / Inspection	Locating and/or the initial inspection of rental property on behalf of participants to ensure the housing is generally decent and adequate for the household and meets the general health and safety standards prior to tenant occupancy.
Legal Services (if requested)	The provision of legal assistance/advocacy to program participants who are facing homelessness due to eviction, utility shut-off, lockout, or mortgage foreclosure.
Mental Health Services	Supportive Services that address serious mental health needs that cannot be solved through regular counseling sessions.
Outreach	Locating and contacting homeless individuals or families in the community and inform them of available services.
Substance Abuse Services	Providing or arranging services for participants to attend NA (Narcotics Anonymous) or other programs that address substance abuse issues.
Transportation	Transporting or purchasing services, such as bus tokens or taxi fares, for participants to obtain medical care, public assistance, education, training and other services not provided on site.
